Intro:

Verse 1:
Almighty God, the giver of life
Creator of heaven, Creator of earth
We have come to worship You
In the name of the Father, the Spirit, the Son
We lift our praises, we bring You our songs
We have come to worship You
Chorus:
We join with the angels to sing Your praise
We join with creation to celebrate
                   You are worthy to be praised
You are worthy,
Through all generations, the Church has proclaimed
You are the One God, You're Mighty to save
You are worthy,
                  You are worthy to be praised
Interlude:

Our Great Redeemer, Our Saviour and King
We come with reverence, with our offering
We have come to worship You,
We have come to worship You

Holy is the Lord God, Holy is Your name
